- 

# Networking

- ▶ Prolinnova –Sudan implement the activities through networking , platform members and other partners.
  - ▶ **Self–assessment of network functioning**
  - ▶ During 2019 there is one meeting for steering committee all of us like other Sudanese citizens are completely involved in Revolution and the transition period , so the communication within steering committee and platform members is so limited.
  - ▶ On regional and POG level there is some communication but also it so limited compared with 2018.
- 

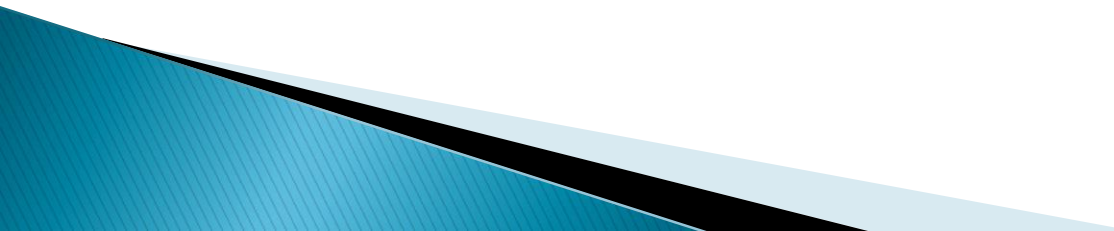

On the pipe : TOT project : from Despair to hope –promoting women's and youth innovation for food and nutrition security and community resilience in Sudan .

## Partners

- ▶ Alzaim Alazhari
  - ▶ Royal Tropical institute (Kit) .Sustainable Economic development and Gender unit
  - ▶ Documentations of Innovation In Sudan ,
- 

## Recommendation

- ▶ Sudan should move to partners in the states and many states are nominated, some communication was started but unfortunately nothing move forward.
  - ▶ Develop program for capacity building
  - ▶ Mobilizations of fund
- 

► Thanks
